mintdesigns

mintdesigns aims for the creation of products with which we establish a style by designing clothes that are the result of product designing. mintdesigns' brand concept is "design" which means well-being and makes our day-to-day lives rich. Through this, we suggest the potential of "fashion" which is not synonymy with a word "current trend." The brand name "mintdesigns" includes the word "mint," which has the meanings of "mint-condition" and "scarcity value" in addition to the image of fresh herb.

almedahls

Almedahls

Almedahls has been one of the most traditional textile manufactures in Sweden since 1846. In no less than the 170 years of its history, Almedahls has created various textile styles from classical styles to completely novel styles, loved by many people, including the general public and the royal family, in many situations. Over many years its products have continued to be loved not only by people in Sweden and northern Europe but also people around the world. Currently, Almedahls is developing a collection which is a revival of styles that were designed mainly from the 1950s to the 1970s. These styles include some created by external designers especially for Almedahls as well as those created by Almedahls in-house designers. Olle Eksell, a giant in the world of Swedish design, Marianne Westman and Astrid Sampe, are just a few of these external designers and this collection is now extremely popular.

Lisa Larson

She was born in Harlunda in Smaland region of Sweden in 1931. She entered The Gothenburg Ceramic Art School in 1949 when she was 18, she studied ceramic art there. In 1954, her graduation work at HDK School for Design and Crafts in Gothenburg was discovered by Stig Lindberg, which gave her the opportunity to work at Gustavsberg where Stig was working as the director of art. She played an important role in the start of the golden age of ceramic work in Sweden. In 1979, she left Gustavsberg where she had stayed and worked as a main designer together with Stig Lindberg and Karin Bjorquist for 25 years. During her time at Gustavsberg, she created over 300 works of art. After leaving Gustavsberg, in 1980 she started to work actively on a freelance basis, working for HAVgands, DUKA and jceramic. In 1992, she returned to Gustavsberg and opened her own ceramic studio. The number of collectors is increasing rapidly not only in Sweden but round the world. She has held exhibitions in many places around the world. She still continues her life as a creator. Lisa Larson is now an older lady who is always thinking about what is the "cutest" in the world. She is a ceramic artist representing Sweden and together with her husband, who is a painter, she lives as a ceramic artist in a forest a little far from the city center.

Olle Eksell

Olle Eksell was a graphic designer who also worked as an illustrator, writer and copy writer, he played an active role in Sweden. He was born in 1918 in Dalarna and in 1946 studied at The Art School College of Design in Los Angeles. He created many book binders. In 1956, his logo for the chocolate company Mazetti, "COCOA EYES," catapulted him into fame. In 1965, the logo adorned the top page of "TRADEMARKS AND SYMBOLS OF THE WORLD" published by Mr. Yusaku Kamekura and it continued to be used even after Mazetti was taken over by another company. Since that time, he was an advocate of the belief that "Excellent designs will produce good economical results." The integration of his long experience was the basis of his book, "Design = Economy," which was published in 1964 and has been used as a textbook at designers' schools. He continued to be an energetic creator until his eyesight began to weaken at the age of 75. In Japan, his book titled "Olle Eksell" was published by PIE BOOKS in 2006. He passed away in 2007 when he was 89 years old. In 2010, the animated feature, "Olle Eksell in Motion" in which various characters he created flourished. After it was released it continued to attract public attention and it became available as a DVD movie in 2013.
